LaSonya White, Surry County Public Information Officer

Statewide Tornado Drill

Hurricane Michael spawned seven tornadoes and killed seven Virginians in 2018, please sign up for Virginia's annual tornado drill on March 19 at 9:45 a.m. and review the tornado preparedness resources on our website.

The Surry County Department of Emergency Services encourages citizens to register on the website (VAemergency.gov/tornadodrill) and to review the tornado preparedness guide (VAemergency.gov/tornadoes) to make a plan and be prepared whether they're at work, home, school or traveling when a tornado strikes.
